

Sheltered Housing Parking Provision Note To
Neighbourhood Plan Steering Group

24th July 2018

Attached are two photos of the parking outside the Hookwood Bungalows.

There are 9 bungalows, 8 are occupied by elderly residents (2 married couples, 6 sole occupancy) and one family with a special needs child.

The original parking provision was for 7 vehicles, this has recently been increased to 9 parking spaces by TDC. Even with the increased provision all of the parking spaces are fully occupied, as the pictures shows.

This provides the evidence to support the inclusion of a provision in our NP to ensure that any new sheltered housing development in the parish comes with adequate parking provision.
